### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

This application is in condition for allowance except for the presence of claims 15-20 directed to an invention non-elected without traverse. Accordingly, claims 15-20 been cancelled.

In the claims:

Cancel non-elected claims 15-20.

*Allowable Subject Matter*

3. Claims 1-3 and 6-14 are allowed over prior art of record.

*Reasons For Allowance*

4. The following is an examiner's statement of reasons for allowance:

After further search and consideration of Applicants' response filed on May 11<sup>th</sup>, 2007 (see Applicants' arguments in pages 7 and 8 of the May 11<sup>th</sup>, response), it is determined that the prior art of record neither anticipates nor renders obvious the claimed subject matter of the instant application as a whole either taken alone or in combination, in particular, prior art of record does not teach or suggest "providing a first printing tool with a first plurality of apertures defined therethrough, wherein a top of at least one aperture has a larger area than a bottom of the at least one aperture; such that the smaller

area of the bottom of the aperture assists in pulling adhesive material upwardly to form the raised edge around only a portion of a periphery of each island", as recited in independent claims 1 and 10, respectively.

Claims 2, 3, 6-9 and 11-14 are also allowed as being directly or indirectly dependent of the allowed independent base claims.

***Conclusion***

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
